Sunday Morning.

Dear Mr. Garrison,

61
Your letter
afflicted us exceedingly. We
all sympathize with you
& your family - every
member of it, in this pain-
ful stroke; ^{now} but ^{can} we be
allowed to hope? -

I will not trouble
you in a moment of so
much sorrow & care to reply.

R

It will not affect the
result; & therefore I will
only say that our hearts
are with you while
awaiting it.

Thanks for reviving
my recollections of Ma-
tias Robinson. I am
collecting what I can
for him, & will send
it to you, if you are still
going to do the same.

Always
your attached friend
